# New Sustainability Requirements for Biocides

13 October 2022, Online

This online training will provide you with up-to-date knowledge on the new sustainability requirements within the framework of the Biocidal Products Regulation 528/2012. Besides important legal issues, the training will discuss different scientific aspects like the “one substance, one assessment” approach as well as natural origin, low risk biocides. It also provides you with an assessment of the impact of the CSS on innovation and the availability of biocidal products in the EU.

## Learning Objectives

- Stay up-to-date on new requirements and respective legal issues
- Learn about challenges and developments in the context of risk assessment
- Receive an impact analysis and outlook for the future

**Thursday, 13 October 2022 | 10:00 – 13:15 CEST**

Welcome & Introduction

### New sustainability requirements for biocides: Legal issues

- Article 18 of the BPR
- March 2016 Commission Report to European Parliament and Council on sustainable use of biocides
- Green Deal: The Chemicals Strategy for Sustainability (CSS) and Zero Pollution Action Plan and its impact on biocides
- Legal issues for sustainability in biocide risk assessments

### Biocides and sustainability from a scientific point of view

- One substance, one assessment: Which methodology to follow?
- Sustainable chemistry for biocides, at what level?
- Natural origin, low risk biocides?

### Impact and future outlook

- The societal value of biocides and the need for a comprehensive sustainability approach beyond BPR regulatory requirements
- Potential impacts of CSS and new sustainability criteria on innovation and availability of biocidal products in the EU
- Will the new sustainability criteria for biocides increase the need to engage with national and EU authorities for approvals/renewals?

## The Organisers

For more than 25 years, Akademie Fresenius has been your partner for practice-orientated training on all the latest topics surrounding the safety and quality of food, consumer goods and chemical products along the whole production chain. Our portfolio not only includes international conferences but also offers national trade meetings, intensive practical seminars and training in small work groups.

Our events are designed to promote an active exchange amongst our participants and offer the perfect platform for bringing the industry, the scientific sector, the authorities and the consulting field together. Excellent service, all-inclusive. Our wide-ranging advanced training opportunities contribute to giving our customers the competitive edge in all quality assurance, risk assessment, legal, production and technical questions.

Akademie Fresenius is a joint venture between Cognos, one of the largest private and independent education groups in Germany, and SGS Institut Fresenius, one of the leading German providers of chemical laboratory analysis.

## Who will benefit from this training?

### Professionals in the fields of:

- ✓ Legal and regulatory affairs
- ✓ Risk assessment
- ✓ Product safety and management
- ✓ Research and development
- ✓ Regulatory science

### Sectors that should take part:

- ✓ Biocides industry
- ✓ Consultancies
- ✓ Professional associations

## How will this online training work?

Our online training will be live – with interactive participation – and will be held in the English language. Prior to the training, we will provide you with your login details which will allow you to participate and ask questions from your preferred location. All you need is a stable internet connection and an audio hardware system – and away you go!

**Terms of Participation and Purchase:** The registration fee includes the participation in the online event and the event documentation for download. You will receive written confirmation of your registration. Upon receiving our invoice, please transfer the amount due without further deductions before the event begins.

**Group Reductions:** For joint bookings received from one company we grant a 15% discount from the third participant onwards.

**Terms of Cancellation:** Cancellations or rebookings to another event are possible in writing without giving reasons and free of charge up to one week before the start of the online event. In the event of later cancellations or non-login to the online event, no participation fees can be refunded. In this case, however, you will receive access to the documentation download after the event. Please note that you can name a substitute participant free of charge at any time.

**General Terms and Conditions:** By registering, you agree to our General Terms and

Conditions as well as to our Privacy Policy. You can find our GTC on the internet ([www.akademie-fresenius.com/general-terms](http://www.akademie-fresenius.com/general-terms)) or receive them on request.

**Personal Data:** The Akademie Fresenius will keep your data for the purpose of organising this event. We will under no circumstances use your data for commercial trade purposes. By registering for this online event, you consent to our occasionally contacting you by mail, email or phone in order to provide you with further information from our company. You can, of course, withdraw your consent whenever you wish. During this online event, image and sound content is transmitted, which may originate from the speakers and from the participants.
