

Online Training

Materials in Contact with Drinking Water according to 2020/2184

A practical guide to implementing EUPL, certification and compliance (2027)

28 and 29 January 2027, Online

The recast Drinking Water Directive (EU) 2020/2184 sets new EU-wide rules for materials in contact with drinking water. From 2027, compliance with the European Positive List (EUPL) and the EU certification system will apply, creating new obligations under REACH and biocides. Join our online training to learn how these requirements are applied.

You will learn to:

- Understand Directive (EU) 2020/2184 and the EUPL
- Determine scope and assess compliance and certification needs
- Recognise links to REACH/BPR and identify risks
- Apply requirements in practice

Morning Sessions | 10:00 – 13:00 CET

Part I: Regulatory framework

The recast Drinking Water Directive

- Structure, objectives and timelines
- From 2026 to 2027: Key implementation milestones

Materials in contact with drinking water

- Introduction to the European Positive List (EUPL)
- Requirements for substances and materials
- Roles of ECHA and stakeholders in the evaluation process
- Overview of the EU-wide certification system and compliance obligations (from 2027)

Part II: Scientific and technical perspective

How substances enter drinking water

- Risk assessment approach: what shall applicants understand
- How is hazard from materials used in drinking water application identified (examples from metals, enamels, organic) and documented?
- How is exposure from materials used in drinking water application studied and provided?
- How is risk acceptance proved (for the different materials)?

Participation Fee

€ 845.00 plus VAT

Part III: Bridging regulation and practice

Compliance and implementation

- Data requirements along the risk assessment
- Specific testing approaches required
- Typical technical challenges and limitations (in setting up risk assessment, timing, labs... etc.)
- Practical aspects of applying the requirements (touching on the reporting in the IUCLID tool requirements and difficulties...)

Summary and discussion

The training comprises two morning sessions on 28 and 29 January 2027.

Timings are in Central European Time (CET).

The Expert

Federica Iaccino, ARCHE Consulting, Belgium

Registration

By web www.akademie-fresenius.com/4111
By email registration@akademie-fresenius.com

Participation Fee:

€ 845.00 plus VAT

Representatives of an authority or a public university are eligible for a reduced fee of **€ 595.00 plus VAT** per person (please provide evidence). The reduced fee cannot be combined with other rebates.

The Organisers

Akademie Fresenius has been your partner for practice-orientated training on all the latest topics surrounding the safety and quality of food, consumer goods and chemical products along the whole production chain. Our portfolio not only includes international conferences but also offers national trade meetings, intensive practical seminars and training in small work groups. Our events are designed to promote an active exchange amongst our participants and offer the perfect platform for bringing the industry, the scientific sector, the authorities and the consulting field together. Excellent service, all-inclusive. Our wide-ranging advanced training opportunities contribute to giving our customers the competitive edge in all quality assurance, risk assessment, legal, production and technical questions. Akademie Fresenius is a joint venture between Carl Remigius Fresenius Education Group, one of the largest private and independent education groups in Germany, and SGS Institut Fresenius, one of the leading German providers of chemical laboratory analysis.

You can find details on upcoming and new events at www.akademie-fresenius.com

Who will benefit from this training?

This training supports professionals responsible for compliance of drinking water contact materials under the recast Drinking Water Directive (EU) 2020/2184, focusing on the new requirements of the DWD and European Positive List (EUPL) and their practical implementation:

Professionals in the fields of:

- ✓ Regulatory affairs
- ✓ Chemical compliance (REACH)
- ✓ Exposure assessment and migration studies
- ✓ Product stewardship and product compliance
- ✓ Material compliance, testing and certification

Sectors that should take part:

- ✓ Material manufacturers (e.g. coatings, polymers, metals, inks, packaging)
- ✓ Chemical industry (substances, additives, formulations)
- ✓ Biocides industry
- ✓ Testing laboratories, certification bodies and CROs
- ✓ Consultancies and professional associations
- ✓ Food Contact specialists

How will this online training work?

Our online training will be live – with interactive participation – and will be held in the English language. The training will be conducted using the meeting tool Zoom. Prior to the training, we will provide you with your login details, which will allow you to participate and ask questions from your preferred location. Simply log in on the day of the training – and away you go!

Terms of Participation and Purchase: The registration fee includes the participation in the online event and the event documentation for download. You will receive written confirmation of your registration. Upon receiving our invoice, please transfer the amount due without further deductions before the event begins.

Group Reductions: For joint bookings received from one company we grant a 15% discount from the third participant onwards.

Terms of Cancellation: Cancellations or rebookings to another event are possible in writing without giving reasons and free of charge up to one week before the start of the online event. In the event of later cancellations or non-login to the online event, no participation fees can be refunded. In this case, however, you will receive access to the documentation download after the event. Please note that you can name a substitute participant free of charge at any time.

General Terms and Conditions: By registering, you agree to our General Terms and

Conditions as well as to our Privacy Policy. You can find our GTC on the internet (www.akademie-fresenius.com/general-terms) or receive them on request.

Personal Data: The Akademie Fresenius will keep your data for the purpose of organising this event. We will under no circumstances use your data for commercial trade purposes. By registering for this online event, you consent to our occasionally contacting you by mail, email or phone in order to provide you with further information from our company. You can, of course, withdraw your consent whenever you wish. During this online event, image and sound content is transmitted, which may originate from the speakers and from the participants. By registering, you agree that this content may be transmitted within the virtual event space. All participants are prohibited from recording this content. Further information can be found at: www.akademie-fresenius.com/dataprotection.
